

never have heard his name, but fame is not what he sought. His many endeavors have touched and will touch the lives of countless Americans. I encourage my colleagues to join in paying tribute to his many contributions to our country, and in offering condolences to his family, including his wife, Judith Taubman; his children William Taubman, Robert Taubman, and Gayle Taubman Kalisman; his stepchildren Tiffany Dubin and Christopher Rounick; and to his nine grandchildren and great-grandchild.

IN RECOGNITION OF DR. ISAAC J. CRUMBLY

**HON. SANFORD D. BISHOP, JR.**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 1, 2015*

Mr. BISHOP of Georgia. Mr. Speaker, I rise today to honor a terrific educator and outstanding citizen, Dr. Isaac "Ike" Crumbly, who will be celebrating 50 remarkable years of teaching at the Fort Valley State University (FVSU) in Fort Valley, Georgia. He will be honored by the administration, faculty, students, and supporters at FVSU's 2015 Spring Commencement Ceremony on Saturday, May 2, 2015 in Fort Valley, Georgia.

Before earning two degrees in horticulture and a Ph.D. in botany, Dr. Isaac J. Crumbly was picking cotton to help support his ten brothers and sisters. With an inherent knowledge of the art of cultivation and the science of plant life, Dr. Crumbly was destined to end up at Fort Valley State University, a state and land-grant university founded in 1895 that has made significant contributions to agriculture and related fields.

Dr. Crumbly joined the faculty of Fort Valley State College, now Fort Valley State University, in 1965 as a Professor in the Biology Department. In the 50 intervening years, his role at the University has grown to include Dean of the College of Arts and Sciences and Director of the Cooperative Developmental Energy Program.

In 1983, Dr. Crumbly founded the one-of-a-kind Cooperative Developmental Energy Program (CDEP), a dual-degree STEM education program, in response to a call for proposals from the U.S. Department of Energy. The program's primary objective is to increase the number of minorities and women pursuing careers in the energy industry. With more than \$4 million dollars to support their education, students in the program have logged over 250,000 hours of hands-on experience. CDEP has been recognized by the University System of Georgia, the Georgia House of Representatives, and two U.S. Presidents, Ronald Reagan and Barack Obama, for its success.

Always striving to help his students achieve greater heights, Dr. Crumbly has given of his time and talents to mentor thousands of FVSU students in his STEM classes. Through CDEP, he is responsible for the education, employment, and successful careers of over 126 CDEP graduates who are engineers, geoscientists, and health physicists.

Dr. Crumbly's impact has stretched far beyond his immediate students, however. A skilled grantsman, Dr. Crumbly has helped bring in over \$30 million for the University and its students through funded grants, intern-

ships, and scholarships. He also has helped established partnerships with over 70 corporate, private, and university entities. Dr. Crumbly has been recognized numerous times by various professional and scholarly organizations for his work in educating students in STEM.

Mr. Speaker, I ask my colleagues to join me, my wife Vivian, and the Fort Valley State University community in honoring Dr. Isaac J. Crumbly for 50 outstanding years of contributing to the education and success of students at the Fort Valley State University.

CONGRATULATING MARION STILLSON FOR RECOGNITION AS THE RESTON CITIZEN ASSOCIATION'S CITIZEN OF THE YEAR FOR 2014

**HON. GERALD E. CONNOLLY**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 1, 2015*

Mr. CONNOLLY. Mr. Speaker, I rise to commend Marion Stillson of Reston on being recognized as the 2014 Citizen of the Year by the Reston Citizens Association.

The Reston Citizens Association was founded in 1967 to promote and protect Reston's founding principles by serving as a non-partisan forum for all residents and as an advocate for the community with County and State governments.

The RCA Citizen of the Year Award dates back to 1976 and honors an individual whose actions are consistent with the goals of Reston and the RCA. Recipients are recognized for contributing to the quality of life in Reston and for providing assistance to our neighbors in need. Marion and her husband Dick arrived in the Reston area in 1973. Marion's service to the community began in October 1980 when she was selected as one of the first members of the Reston Community Center's Board of Governors and provided valuable input on accessibility issues. Since then, she has been involved in a wide variety of issues important to Reston, the region, the Commonwealth of Virginia and the nation.

Marion was elected Vice-President of RCA in 2009 and President in 2010 and served our community in that role over two terms. During her tenure, RCA established the Reston Accessibility Committee, which helps ensure that local businesses provide access to retail, office and public amenity locations for those with mobility impairments, created the Reston 2020 Committee to analyze and advocate on land use issues, and implemented the Sustainable Reston Initiative to raise awareness of the need to address the effects on the Reston community of peak oil, global climate change and economic disruption.

At the county level, Marion has been appointed to the Election Improvement Commission, the Wiehle Avenue Steering Committee, the Hunter Mill District Budget Committee and has served as an elections officer.

Marion's passion for fairness and justice have been reflected in her distinguished professional career which has included serving as a lobbyist for the American Association of University Women; Staff Attorney National Association for the Repeal of Abortion Laws; Staff Attorney for the National Labor Relations

Board; Director of the Criminal Justice Advocacy Project for the DC Coalition Against Domestic Violence; Attorney/Counselor/Mediator for the Architect of the Capitol Fair Employment Practices Office. In these roles, she directly influenced and in some instances created national policy in numerous areas.

Mr. Speaker, I ask that my colleagues join me in congratulating Marion Stillson for this award and thanking her for her committed and selfless service to our community.

IN HONOR OF THE ROTARY CLUB OF THE WOODLANDS, TEXAS

**HON. KEVIN BRADY**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Friday, May 1, 2015*

Mr. BRADY of Texas. Mr. Speaker, I stand today to honor the 40th anniversary of The Rotary Club of The Woodlands, Texas. Across our nation and world, service organizations make communities stronger through educational, vocational and community health programs. Since its formation, the leaders and members of this Rotary Club, of which I'm a proud member, has achieved all that—and more.

As the Vietnam War was ending, 20 local business leaders stepped forward to find solutions and make a positive difference in a new master planned community known as The Woodlands, Texas. Within two months of their first meeting, Rotary International approved their charter on May 9, 1975.

Over the last four decades, much has changed both within our Rotary and world, but the Rotary Club of the Woodlands continues to grow and serve. Today 174 business and community leaders keep the Club moving forward by putting servant leadership first. The number of service projects and programs has increased, while educational scholarships for local students remain at the heart of it all.

Before this new century the Club's Scholarship fund reached \$250,000, necessitating the creation of a foundation. Over \$1.3 million has been raised for deserving students—and many new community leaders credit their Rotary scholarships for making their education dreams a reality.

Our Rotary Club sponsors five Interact clubs at local high schools where future Rotarians and community leaders connect with mentors, develop leadership skills and make connections through service projects and club meetings.

Our club works with Interfaith of the The Woodlands on a program called "Serving Our Seniors." Twice annually, Rotarians, Interact students, Interfaith staff and volunteers come together to help seniors with a variety of home repair, improvement and landscaping chores.

Our Club annually supports an international exchange student who attends high school in the community. This cultural and educational exchange benefits the hosted student, their home country and local students who get to know more about other cultures.

The Club also provides layettes for the care of newborns in a South American medical clinic near the areas known for the Children of the Dump. This project ensures many lives begin in a sanitary environment and involves out local Interact Clubs who put together the layettes from supplies purchased by the Club with matching funds from Rotary International.
